PART OF WARDOUR SECURE NETWORKS LTD

Data Sheet

Commander® offers one of the broadest ranges of portable fire extinguishers on the market today, solidifying its position as a true market leader. Over time, these extinguishers have proven to be a dependable choice for almost any situation, with guaranteed reliable performance. Additionally, the Commander 6-litre, 9-litre, 6kg, and 9kg models now feature exceptionally high fire ratings and are certified with the British Kitemark.

WATER FIRE EXTINGUISHERS

Water extinguishers are among the most popular due to their safety, affordability, and effectiveness. They pose no Health and Safety hazards, are inexpensive to purchase, and cost very little to refill. Our 3-litre water extinguisher includes an additive that enhances performance by acting as a 'wetting agent.' With no environmental concerns related to disposal, water extinguishers are exceptionally easy to use and manage. Our larger models offer impressive fire ratings, with the 6-litre unit rated at 21A and the 9-litre unit at 27A. Both are 35kVa dielectrically tested, ensuring safe use even on fires involving live electrical equipment. These units are Kitemarked and come with a full 5-year warranty for added peace of mind.
